Never compromise on style, in the All-New Nissan X-Trail

Get noticed wherever you go with sleek LED headlights, distinctive and imposing front air vents and robust, yet crafted lines. Up front, the unmistakable V-motion grille bears the familiar signature of Nissan's exciting design DNA, to show that this family crossover refuses to blend into the background.

The X-Trail's aerodynamic design provides it with more dynamic performance, and the body, which is made from Ultra-high-strength steel and Aluminum, which gives the car a high-rigidity and super-lightweight body.

Safety First is Second Nature

The All-New Nissan X-Trail is equipped with advanced ProPILOT* with Navi-link safety technologies designed to read the road ahead and adjust your drive accordingly, keeping you and your family safe for maximum peace of mind. And thanks to Around View Monitor**, all-round reassurance comes from a 360° view of your car with selectable focus on front, rear and kerbside views.

** Feature available depending on version, as standard or only as option (at an extra charge).

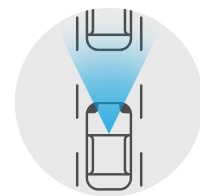

INTELLIGENT CRUISE CONTROL keeps your distance. It measures the distance from the vehicle ahead, controlling acceleration and deceleration to automatically maintain a suitable following distance within your set speed.

PREDICTIVE COLLISION WARNING keeps an eye up to two vehicles in front of you. When the system detects a sudden deceleration ahead, it gives you an audible and visual warning to slow down.

EMERGENCY LANE KEEPING A full suite of technologies to help you avoid unintentional lane departure. Keeps you centered in the lane either by steering wheel action or braking in an emergency situation.

FORWARD EMERGENCY BRAKE Monitors the surrounding area in front of the car for vehicles and pedestrians, helping avoid or reduce damage caused by collisions.
